

10% Sodium Dodecyl Sulfate

Catalog Number:

4060 1ml

Quality Control Analysis

•High purity SDS is dissolved in triple glass distilled/deionized, sterile water to 10% (w/v). The ability of each lot to function as an effective topoisomerase denaturant is tested and verified for each lot.

Storage and Shipping Conditions

•The product is shipped and stored at ambient temperature. Placement at 4°C will lead to precipitation of the detergent. Warming briefly to 37°C will re-dissolve the precipitate.

Product Application and Disclaimer

This product is not licensed or approved for administration to humans or animals. It may be used with experimental animals only. The product is for in vitro research diagnostic studies only. The product is non-infectious and non-hazardous to human health. This information is based on present knowledge and does not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship. TopoGEN, Inc. shall not be held liable for product failure due to mishandling and incorrect storage by end user. TopoGEN's liability is limited to credit or product replacement.
