

Eukaryotic Topoisomerase II Dilution Buffer

Catalog Number:

4090 1ml

Description

- Topo II Dilution Buffer is supplied as a working solution at 1x solution. The buffer is optimized and tested for use as a diluent for TopoGEN's type II topoisomerase.
- Vial contains 1ml of 10 mM Tris-HCl, (pH 7.5), 500 mM NaCl, 1mM PMSF, 2 mM Dithiothreitol and 50 ug/ml nuclease free BSA. Do not dilute this buffer prior to use.

Storage and Shipping Conditions

- The product may be shipped at ambient temperature or on Dry Ice. Store at -20°C.

Product Application and Disclaimer

This product is not licensed or approved for administration to humans or animals. It may be used with experimental animals only. The product is for in vitro research diagnostic studies only. The product is non-infectious and non-hazardous to human health. This information is based on present knowledge and does not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship. TopoGEN, Inc. shall not be held liable for product failure due to mishandling and incorrect storage by end user. TopoGEN's liability is limited to credit or product replacement.
